

Transformational Leadership

Co-creating a new culture of business effectiveness and performance

Two Day Workshop

“Success in business is all about people, people, people. Whatever industry a company is in, its employees are its biggest competitive advantage.”
- Richard Branson

Transformational Leadership is about equipping and empowering leaders to deliver results by building an organisational culture that will drive the successful implementation of business strategy. Most organisations have mastered the art of developing strategy, but very few have managed to create the organisational culture to turn that strategy into results.

The goal is to unlock new sources of organisational growth and business profitability through the latent potential that is in its employees.

This two day Transformational Leadership workshop will not just answer the ‘what needs to be done’ question, but will give clear answers and a practical plan to the ‘how do we practically do it’.

The objective is to ensure that every person walks away from the workshop with practical tools and a practical implementation framework to...

- Co-create the future you want to see in your organisation
- Empower leaders for optimal performance
- Create a future of high impact growth
- Build a culture that will incubate and release creativity, innovation and critical thinking
- Bring out the best in you, your team and your organisation
- Build high performance teams
- Drive engagement by creating a culture of trust, clarity and alignment

Our facilitator

Patrick Kuwana

Patrick is the CEO and transformational entrepreneur at Crossover Transformation – an organisation focused on value co-creation through building collaborative platforms of thinking and innovation. He has extensive experience working locally and internationally in transformational projects and entrepreneurial ventures in multi-cultural environments.

IN-HOUSE WORKSHOPS

Our recommendation is that this world-class intervention should be run as part of your in-house management development curriculum, at a venue and on a date that is convenient for you.

For more information about this cost-effective option, please contact Kym Jackson on 082 453 9393 or kym@symphonia.net
