“There are the perceptions that women are not fit or capable to lead big corporations. We need to fix that so we can see progress in involving women in the mainstream economy.”

~ Matsi Modise

It is through our shared conversations that women are able to unite to support one another; bringing together our combined wisdom, visions, cultures, personalities, strategies and skills, daring to step boldly into feminine leadership in support of one another.

These events aim to:

- Celebrate all women in leadership
- Support and equip women with the tools to lead
- An opportunity to connect and network with other women in business
- Put into focus, the magical female ability to be leaders of self, teams, families, communities and others
- Share a morning filled with learning, inspiration and motivation
- Ignite a sense of possibility in the workplace
