

Women in Leadership Breakfast

Inspire, Equip, Support

“Leaders of the future will have to be visionary and be able to bring people in – real communicators. These are things that women bring to leadership and executive positions, and it’s going to be incredibly valuable and incredibly in demand”

~ Anita Borg

It is through our shared conversations that women are able to unite to support one another; bringing together our combined wisdom, visions, cultures, personalities, strategies and skills, daring to step boldly into feminine leadership in support of one another.

These events aim to

- Put into **focus**, the magical female ability to be leaders of self, teams, families, communities and others
- **Share** a morning filled with learning, inspiration and motivation
- **Support and equip** women with the tools to lead
- An opportunity to **connect** with up to 100 other women in business
- **Ignite** a sense of possibility in the workplace
- **Celebrate** all women in leadership
